

Job Title: CNC Swiss Operator

Company: CNC Swiss Inc.

Location: 176 Covington Dr. Bloomingdale, Illinois 60108

Website: www.cncswiss.com

Company Information:

CNC Swiss Inc. was founded in 2007 and is located in Bloomingdale, Illinois. Our state-of-the-art 30,000 sq. ft. facility is equipped with the most modern CNC controlled machining equipment, technology, and processes. We have established ourselves as a leader in complex Swiss machining, delivering high-quality parts and cost reduction opportunities to our customers. With a strong focus on customer service, we serve various industries, including hydraulic, medical, dental, aerospace, industrial, and electronic sectors across the nation and internationally.

Position Summary:

CNC Swiss Inc. is looking for a skilled CNC Swiss Operator to join our team. You will operate CNC Swiss machines to make precise metal and plastic parts. Attention to detail and adherence to quality standards are essential.

Role and Responsibilities:

- Operate CNC Swiss machines to make parts based on blueprints
- Monitor and adjust machine operations as needed
- Perform routine maintenance for optimal performance
- Inspect finished parts for quality and accuracy using measuring instruments
- Troubleshoot issues with machines or parts and take corrective action
- Collaborate with team members and maintain a clean work area
- Document production data, rejected parts, and machine maintenance logs

Skills and Qualifications:

- High school diploma or equivalent; CNC machining training preferred
- Experience operating CNC machines in a manufacturing setting
- Understanding of CNC machining principles and tooling
- Ability to interpret blueprints and specifications
- Proficiency in using measuring instruments and inspection techniques
- Ability to read and understand G-code programming and blueprints
- Attention to detail and commitment to high-quality production
- Problem-solving skills and ability to troubleshoot machine and part issues
- Effective communication and teamwork skills
- Familiarity with safety protocols in manufacturing

Benefits:

- Competitive salary commensurate experience and qualifications
- Health, dental, and vision insurance
- Retirement savings plan with company match
- Paid time off and holidays
- Ongoing training and professional development opportunities
- Positive and supportive work environment
- Opportunities for growth and advancement within the company

Work Environment:

CNC Swiss Inc. offers a dynamic and technologically advanced work environment. Our 30,000 sq. ft. facility is equipped with the most modern CNC controlled machining equipment, technology, and processes. We foster a collaborative and inclusive culture where teamwork, innovation, and continuous improvement are valued. As a member of our Chicago area team, you will have access to unmatched experience in complex Swiss machining and the opportunity to work on challenging projects across various industries.

Physical Demands:

- Ability to stand for long periods and perform repetitive tasks
- Lift and move heavy materials (up to 50 lbs)
- Manual dexterity and hand-eye coordination for operating machinery and using precision tools
- Ability to work in a physically demanding environment

Join the Chicago area team at CNC Swiss Inc. and become part of our commitment to excellence in CNC Swiss machining. Apply today to join our team of professionals dedicated to delivering superior customer service and manufacturing precision quality parts for industries across the nation and around the globe!
